### Our promise to you.

Our dogs are beloved members of our family. We have chosen a stud with outstanding lineage to breed with our girls. Full lineage will be provided with puppy. Puppies will be KC registered (with breeding restrictions) and fully vaccinated prior to you taking your new fur baby home. Puppies are due in June, and will be ready for collection approx 20.09.2021. We have a non smoking, happy home. Your babies will be integrated with children (no children live full time at the home, but do visit frequently), and other animals, they should be good with cats \*although, a westie is a law upon itself, as you probably know ;)\*. We should be able to accommodate you choosing their KC registered name, so please think about what name you would like on the certificate. First come, first choice. If you would like to pay the deposit prior to the birth - this would be fully refundable should the worst happen. After choice of puppy is made and that puppy is dedicated to being yours, the deposit is non refundable. I am happy to do video calls prior to birth, so you can see our home, our set up, our whelping area, the puppy area... we do not have outside cages, these will be born in our home - with the birth being overseen by a whelping professional, cared for as if they are our own, loved from the moment they arrived until the moment they leave us.

We want to make this a special event for mummy, puppy, and yourself.
